Send Parent Forum Group

Dear Parents/carers,

As of this academic year, I am looking at starting a parent forum group related to SEND. I would like to meet with parents and carers who have children with SEND or who are interested in this area, who can spend a little time each term discussing policies and practices in our school. Having your voice heard is very important and I will value the input you make.

If you would be interested in participating in the group could you please let Mrs Ellis in the office know by the Thursday 20 September.

She will need your name, contact details (email /phone number), the name of your child and which year group they are in.

I will contact you in the near future outlining plans for the group and dates to meet.
